## Telework Activity Summary – Fiscal Year 2013

---

At the end of each fiscal year, the State Human Resources Division compiles agency information into a telework report.

The Montana Operations Manual Telework Policy defines telework as a formal work arrangement in which agency management directs or permits employees to perform their usual job duties away from the central workplace. In keeping with the definition of telework, we ask agencies to report the numbers of teleworkers who work under a *written agreement*.

Agencies reported information in two ways:

1. Full-time teleworkers: Employees who teleworked full time (forty hours or more per week)
2. Part-time teleworkers: Employees who teleworked less than full time (less than forty hours per week).

Teleworker counts are listed in Table One. The table organizes counts by agency for part-time and full-time teleworkers. Table Two provides comparisons of teleworkers by agency for fiscal year 2012 and 2013.
